

Hurricane Preparedness Workshop

Description: Workshop will gather key players involved with hurricane preparedness and provide a space for dialogue, learning, and sharing of resources such as preparedness kits. By clarifying misconceptions and answering questions, participants should be better prepared for future hurricanes.

Partners:

- Overtown NET (Neighborhood Engagement Team) Office
- Miami Police Department
- Miami Fire & Safety
- Miami Dade County Emergency Management

Materials:

- Solar powered radios
- 5 gallon collapsible water containers
- First aid kits
- Solar lamps
- Hurricane preparedness booklets

Learning Objectives:

- The training will address how to prepare for a disaster, how to find the most accurate information pre & post-disaster, and who to contact for different resources.
- Participants will gain a better understanding of how emergency response works throughout the county and will receive tips on how to prepare.
- Participants will receive a list of items to prepare and a starter kit.

Tips:

- Invite representatives from departments that respond before, during, and after a disaster.
- Provide tips on how to properly prepare for a disaster such as what items are needed and the quantities that may be needed.
- Clarify where to receive the most up-to-date and accurate information related to hurricanes such as evacuation zones, activated shelters, transportation assistance, etc.
